## Statewide Standards: Individuals

**FACE COVERINGS** are strongly encouraged in public and when around persons from other households.

All Nevadans are encouraged to continue **STAYING AT HOME** and limit trips outside of their homes as much as practicable to mitigate the spread of COVID-19.

**ALL VULNERABLE INDIVIDUALS** should continue to shelter in place. Members of households with vulnerable residents should be aware that by returning to work or other environments where distancing is not practical, they could carry the virus back home. Precautions should be taken to isolate from vulnerable residents.

**VISITS TO SENIOR LIVING FACILITIES**, long-term care facilities, nursing homes and hospitals should continue to be prohibited.

If tested positive for COVID-19, an individual must **QUARANTINE** and stay at home for two weeks.

If determined to be a **CONTACT OF AN INDIVIDUAL** who tested positive for COVID-19, an individual must quarantine and stay at home for two weeks, or until a negative test result has been received.

Maintain at least **SIX FEET OF SOCIAL DISTANCING** per person for non-household members at all times.

**FACE COVERINGS** are strongly encouraged when in public and when around persons from other households.

Nevadans must continue to **LIMIT PUBLIC & PRIVATE GATHERINGS TO 10** or fewer people, unless individuals live in the same household.

**AVOID NON-ESSENTIAL TRAVEL** and adhere to self-quarantine and monitor health for 14 days after arriving or returning to Nevada.

**UNSAFE HOMES:** For individuals whose homes/residences are unsafe or become unsafe, such as victims of domestic violence, they are expressly permitted and urge to leave their homes and stay at a safe alternative location
