SAFETY CONSULTATION AND TRAINING SECTION

SAFETY AND HEALTH VIDEO, DVD, OR CD LENDING LIBRARY AGREEMENT

The Safety Consultation and Training Section (SCATS) of the Division of Industrial Relations provides a safety and health video, DVD, and CD lending library service free of charge to all Nevada employers. Nevada employers are encouraged to use this service to supplement employee safety and health awareness training.

The videos, DVDs, or CDs in the Safety and Health Lending Library are purchased from private production and service companies. While these companies strive to meet all safety and health regulatory requirements, there may be some inaccuracies. Please remember it is your responsibility as an employer to ensure that your employees' training is current and meets the applicable federal, state, and local regulations.

The videos, DVDs, and CDs in the library are available on a loan out basis and are to be used only by employers to supplement their employee training programs. They are not to be used by any company charging a fee. Please be advised that the private companies SCATS purchases the material from do not allow unauthorized copies of the videos, DVDs, or CDs to be made.

CHECKOUT PROCEDURES:

- < Videos, DVDs, or CDs may not be reserved in advance, therefore, it is a good idea to have more than one video, DVD, or CD in mind when checking out material at one of the three Safety Consultation and Training Section Offices. You may wish to call ahead on the availability of a particular title prior to coming to the office.
- < A maximum of three videos, DVDs, or CDs may be borrowed. Please be advised that previously loaned videos must be returned before additional videos, DVDs or CDs can be borrowed.
- < Videos, DVDs, and CDs must be returned within five (5) working days from the date of checkout. By returning them promptly, other employers may have the opportunity to use them.
- < After choosing the video, DVD, or CD desired, please sign out on each page that corresponds to the numbers on the video, DVD, or CD. This is an acknowledgement of the Federal Copyright Laws and responsibility for any damaged videos, DVDs, or CDs not returned. Provide your name and signature, the company name and address, and your phone number.

CARE AND USE OF VIDEOS, DVDs, or CDs:

- < Videotapes and DVDs/CDs are heat sensitive, so please do not leave them in a car or any location where they may be exposed to high temperature.
- < Please keep the videos, DVDs, and CDs in the storage container provided when not in use.
- < The videos, DVDs, and CDs are to be used to supplement employer training.
Watching the audiovisual material for hazard awareness is a good way to initiate discussion of company policies and procedures.
- < No fees may be charged when using the videos, DVDs, or CDs.
- < Always review the video, DVD, or CD before showing it to your employees to ensure it meets your training needs. Any inconsistencies with the safety and health regulations can then be identified and corrected during the discussion portion of your training.
- < Please return the videos, DVDs, and CDs as soon as you have completed showing the tape, within five (5) working days.

VIDEO, DVD, AND CD RETURNS

- < Return the videos, DVDs, and CDs to the same office where it was obtained.
- < Please rewind the video before returning.
- < Return videos, DVDs, and CDs in their original containers.
- < If there are any problems with the videos, DVDs, or CDs, please let us know when you return them.
- < Upon return of the video, DVDs, or CDs, please provide the number of individuals that watched the video tape to the Safety Consultation and Training Section (SCATS) employee to whom you returned the tape.
- < Sign and date the video, DVD, and CD checkout book per the corresponding number when you return the video. This verifies that the tape was received by SCATS.

Description of Video, DVD, and CD Library Series System

Series Number	Series Content
1000	Accident Investigation, Causes, and Prevention (Job Safety Analysis)
1100	Bloodborne Pathogens, TB, and Biohazards
1200	Confined Space (Line Breaking)
1300	Cranes, Derricks, Elevators, and Hoists (Escalators)
1400	Electrical Safety and Lockout Activities
1500	Ergonomics and Lifting (Video Display Terminals and Computer Workstations)
1600	Excavations, Mining, and Tunneling
1700	Explosives, Blasting, and Demolition
1800	Fall Protection (Guardrails, Safety Nets, Personal Fall Arrest System)
1900	Fire Extinguishers, Evacuation, and Rescue Operations
2000	Forklifts, Mechanical Material Handling, Storage, and Disposal (Conveyors and Slings)
2100	General Safety Awareness and Attitude (Office, Warehouse, Roofing, and Hotel)
2200	Hazard Communication, Hazardous Materials, and Toxic Substances (Asbestos, Lead, Silica, Insecticides, and Pesticides)
2300	Ladder Safety
2400	Machine Guarding and Tool Safety
2500	Personal Protective Equipment (PPE)
2600	Promotional Videos of Safety and Health Products and Materials
2700	Safety and Health Management and Safety Committees
2800	Scaffolds, Aerial Lifts, and Power Platforms
2900	Slips, Trips, Falls, and Walking or Working Surfaces (Housekeeping)
3000	Vehicles, Traffic Control, and Signage
3100	Welding, Cutting, Brazing, and Compressed Gasses
3200	Youth Safety and Workplace Violence

PLEASE BE ADVISED OF THE FOLLOWING:

- < The borrower is responsible for videos, DVDs, and CDs not returned or damaged. If the video, DVD, or CD is not returned or is damaged, the borrower will be required to replace it. Please be advised that the material may cost as much as \$600 each.
- < It is the employer's responsibility to ensure their training is current to the applicable federal, state and local regulations. It should not be construed that these videos, DVDs, or CDs have OSHA or state approval, acceptance, or endorsement.
- < These videos, DVDs, and CDs cannot be copied. The videos, DVDs, and CDs are copyrighted and protected under the Federal Copyright Laws. Further, copying of the material may destroy them due to the protection devices on the item.
- < Failure to follow these established procedures may result in the cancellation of video, DVD, or CD lending privileges.

Accident Investigation, Causes, and Prevention

1000 DVD	E,S a	INCIDENT INVESTIGATION	<i>Summit Training Source</i>	17:00
		Contains instructive interactions that will teach your employees about the skills and techniques necessary to identify the true root causes of any incident or accident and develop corrective actions.		
1001 DVD	E,S a	ACCIDENT INVESTIGATION - ACCIDENT WHAT TO DO	<i>Coastal</i> 1992	14:00
		Introduction to accident investigation. Putting together an investigation kit & how to manage an investigation.		
1002 DVD	E a	ACCIDENT INVESTIGATION: DETERMINING ROOT CAUSES	<i>Summit Training Source</i>	19:00
		What to investigate: the accident scene. Interviewing witnesses, reviewing records, analyzing information, and communicating recommendations. Special emphasis is placed on determining root causes.		
1003 DVD	E a	ACCIDENT INVESTIGATION	<i>Aurora Pictures</i>	13:00
		An accident may seem to occur from obvious reasons, but in order to prevent a recurrence we need to investigate to find the root cause.		
1005 DVD	E a	ACCIDENT INVESTIGATION FOR EVERYONE	<i>CLMI</i>	23:00
		Basics of accident investigation, including investigation teams, resources, and what not to do, fact gathering, documentation, evidence gathering, and interview skills.		

1010	E,S	a	COACHING SAFETY PERFORMANCE: JOB SAFETY ANALYSIS	
DVD			<i>Coastal</i>	16:00
			2002	
			A logical step by step way to write a JSA to help employees plan a job. Acknowledges task hazards and how to address + eliminate them while recommending the best safe work practices.	
1011	S	a	ACCIDENT INVESTIGATION FOR EVERYONE	
DVD			<i>CLMI</i>	23:00
			Basics of accident investigation, including investigation teams, resources, what not to do, fact gathering, documentation, evidence gathering, and interview skills.	
1015	E,S	a	HAZARD RECOGNITION & CONTROL	
DVD			<i>Coastal</i>	17:00
			2004	
			This program uses Hazard sciences to point out the causes of accidents so employees can recognize & control Hazards & stay safe.	
1016	E,S	a	INCIDENT REPORTING - YOU CAN SAVE A LIFE	
DVD			<i>Coastal</i>	17:00
			Teaches workers the importance of following acceptable safety standards, controlling Hazards and reporting unsafe working conditions before incidents become accidents.	

Bloodborne Pathogens, TB, and Biohazards

1100	E	a	BLOODBORNE PATHOGENS WORKPLACE AWARENESS	
DVD			<i>Aurora Pictures</i>	17:00
			A good introductory to bloodborne pathogens. Describes the most hazardous, common pathogens & the safe procedures to protect yourself from exposure.	
1100	E	b	BLOODBORNE PATHOGENS WORKPLACE AWARENESS	
DVD			<i>Aurora Pictures</i>	17:00
			A good introductory to bloodborne pathogens. Describes the most hazardous, common pathogens & the safe procedures to protect yourself from exposure.	

1101	S a	BLOODBORNE PATHOGENS - ALWAYS PROTECT YOURSELF		
DVD		<i>CLMI</i>		16:00
		This program shows us from the perspectives of the victim, responder and co-worker, how important it is to protect ourselves when an incident of potential exposure occurs.		
1102	E a	BLOODBORNE PATHOGENS		
DVD		<i>CLMI</i>		16:00
		Very basic introduction to bloodborne pathogens, universal precautions, personal protective equipment and safe work practices.		
1107	S a	BLOODBORNE PATHOGENS: TRAINING FOR EMPLOYEES		
DVD		<i>Aurora Pictures</i>		19:00
		This program explains diseases caused by bloodborne pathogens, the exposure control plan, routes of entry, universal precautions, handling & disposal of contaminated items, responding to exposure situations, decontaminating work areas & equipment.		
1107	S b	BLOODBORNE PATHOGENS: TRAINING FOR EMPLOYEES		
DVD		<i>Aurora Pictures</i>		19:00
		This program explains diseases caused by bloodborne pathogens, the exposure control plan, routes of entry, universal precautions, handling & disposal of contaminated items, responding to exposure situations, decontaminating work areas & equipment.		
1108	E a	BLOODBORNE PATHOGENS GENERAL AWARENESS		
DVD		<i>Aurora Pictures</i>		11:00
		This DVD provides general awareness training for all employees on the dangers of bloodborne pathogens, how to protect yourself from them and ways to minimize the risk of transmission.		
1119	E,S a	HANDWASHING - AVOIDING GERMS AT WORK		
DVD		<i>Coastal</i> 2006		6:45
		A primer on personal hygiene that will help stop the spread of germs and viruses that make people ill. Demonstrates proper hand-washing techniques, as well as some hints about avoiding germs.		

1120	E,S	a	BLOODBORNE PATHOGENS FOR CUSTODIANS		
DVD			<i>Coastal</i>		15:45
			2006		
			While aimed at custodial workers, this DVD has a broad appeal for identifying & eliminating hazards associated with Hepatitis B and C as well as HIV. Covers exposure prevention, first aid measures, personal protective equipment, & administrative		
1121	E,S	a	BLOODBORNE PATHOGENS FOR CAFETERIA WORKERS		
DVD			<i>Coastal</i>		17:20
			2000		
			While the title targets cafeterias, this video is good for all food service industries. It explains how people can be exposed to Hepatitis B & C, and HIV. It discusses routes of exposures, clean-up, personal protective equipment, and more.		
1122	E,S	a	TUBERCULOSIS AWARENESS		
DVD			<i>Coastal</i>		17:00
			2005		
			A bacterial disease that is still alive in our society. This program shows employees: how TB is contracted, symptoms of TB infection, what happens if one is infected with TB & who is at risk.		

Confined Space

1200	E	a	SURVIVE INSIDE: EMPLOYEE SAFETY IN CONFINED SPACES		
DVD			<i>Aurora Pictures</i>		20:00
			This is a good overview of the requirements contained in 29 CFR 1910.146. It shows the permitting process, PPE, rescue and the unfortunate outcome of not following the requirements.		
1200	E	b	SURVIVE INSIDE: EMPLOYEE SAFETY IN CONFINED SPACES		
DVD			<i>Aurora Pictures</i>		20:00
			This is a good overview of the requirements contained in 29 CFR 1910.146. It shows the permitting process, PPE, rescue and the unfortunate outcome of not following the requirements.		
1201	E,S	a	LINE BREAKING - PLAN FOR SUCCESS		
DVD			<i>Coastal</i>		19:00
			2010		
			This program will help your employees gain a solid understanding of how to plan for and prepare a line breaking operation and how to perform a line break safely.		

1202	S	a	SURVIVE INSIDE: EMPLOYEE SAFETY IN CONFINED SPACES	
DVD			<i>Aurora Pictures</i>	20:00
			<p>This program explains why confined spaces can be hazardous & how those hazards can be controlled. Viewers will also learn valuable lessons from a reenactment of a confined space entry in which three lives are needlessly lost.</p>	
1203	E,S	a	ABOUT CONFINED SPACE ENTRY	
DVD			<i>Aurora Pictures</i>	12:00
			<p>This program details the steps outlined in the Confined Space Entry program that are designed to keep workers safe. Topics include the confined space entry permit, atmospheric hazards, testing, monitoring & duties of the entry team members.</p>	
1204	E	a	CONFINED SPACE ENTRY - GENERAL INDUSTRY & CONSTRUCTION	
DVD			<i>Aurora Pictures</i>	25:00
			<p>An up to date program on confined space hazards, how a Permit Space Program reduces risks, what roles they may play in a confined space entry & how to keep themselves and their co-workers safe inside.</p>	
1205	S	a	CONFINED SPACE ENTRY - GENERAL INDUSTRY & CONSTRUCTION	
DVD			<i>Aurora Pictures</i>	25:00
			<p>An up to date program on confined space hazards, how a Permit Space Program reduces risks, what roles they may play in a confined space entry & how to keep themselves and their co-workers safe inside.</p>	
1206	E	a	CONFINED SPACE ENTRY: A DEADLY SITUATION	
DVD			<i>The Traininig Network</i>	20:00
			<p>The hazards in a confined space can be deadly. However, careful planning, the right equipment & thorough training will decrease the hazards inside confined spaces. This program covers confined space hazards, protection, ventilation and entry.</p>	
1207	E	a	CONFINED SPACE FOR CONSTRUCTION	
DVD			<i>Training Network</i>	27:00
			2015	
			<p>This program includes permit required confined space requirements, hazardous atmosphere testing, entry and emergency rescue responsibilities.</p>	

1208	S a	CONFINED SPACE FOR CONSTRUCTION	
DVD		<i>Training Network</i>	27:00
		2015	
		This program includes permit required confined space requirements, hazardous atmosphere testing, entry and emergency rescue responsibilities.	
1213	E,S a	CONFINED SPACE CASE HISTORIES	
DVD		<i>Coastal</i>	14:00
		2008	
		Good reminder about some of the hazards associated with confined spaces. Very basic information that requires formal instruction for all required aspects of permit required confined space entry.	
1214	E a	CONFINED SPACE ENTRY: PERMIT REQUIRED	
DVD		<i>Summit Training Source</i>	20:00
		Helps workers to understand hazards while working in confined spaces in General Industry. Workers learn: definition of a confined space; proper entry procedures; associated hazards; attendant responsibility; PPE; permits & monitoring.	
1214	E b	CONFINED SPACE ENTRY: PERMIT REQUIRED	
DVD		<i>Summit Training Source</i>	20:00
		Helps workers to understand hazards while working in confined spaces in General Industry. Workers learn: definition of a confined space; proper entry procedures; associated hazards; attendant responsibility; PPE; permits & monitoring.	
1216	E,S a	CONFINED SPACE ENTRY - PERMIT REQUIRED	
DVD		<i>Coastal</i>	23:00
		Reviews the details on how to prepare a confined space entry permit & the best way to train a confined space entry team.	

Cranes, Derricks, Elevators, and Hoists

1305	E a	CRANE SAFETY - OVERHEAD OPERATIONS	
DVD		<i>Summit Training Source</i>	18:30
		A guide to overhead or bridge cranes. Also discusses inspections and rigging. This type of crane is used almost exclusively in manufacturing plants.	

1306 E,S a **WORKING AROUND CRANES**
 DVD *Coastal* 19:00
 2005
 Basics of crane operation, boom swing, counterweight radius, assembly, load charts, electrical hazards, set-up and stability, wire rope and rigging, signaling, and more.

1307 E,S a **INDOOR CRANES: SAFE LIFTING OPERATIONS**
 DVD *Coastal* 22:00
 1991
 Provides non-licensed operators with the information they need to safely operate several types of cranes.

Electrical Safety and Lockout Activities

1401 E a **LOCKOUT / TAGOUT AUTHORIZED EMPLOYEES**
 DVD *CLMI* 16:00
 This program contains Lockout/Tagout Definitions, the most common forms of energy sources, situations that require Lockout/Tagout Procedures, the various types of Lockout devices & proper Lockout/Tagout Procedures.

1402 S a **ELECTRICAL SAFETY - WHAT EVERYONE SHOULD KNOW**
 DVD *CLMI* 16:00
 This program will show how electricity works, what it can do to the human body and how to use electricity safely.

1403 E a **LOCKOUT / TAGOUT: TRAINING FOR EMPLOYEES**
 DVD *American Training Resources* 16:00
 2012
 Review of procedures used to control hazardous energy. Includes information on energy control plans, the role of employees affected by the controls, controls devices, energy isolation & special situation procedures.

1404 E a **LOCKOUT / TAGOUT: AFFECTED EMPLOYEES**
 DVD *CLMI* 7:50
 Good basic introduction to why lockout / tagout is so important. Addresses the types of equipment of lockout & why tagout is just as important.

1405	E	a	ELECTRICAL SAFETY		
DVD			<i>Safety Care Inc.</i>		21:00
			2013		
			An illustrated description of how electricity works & the effects it has on the human body. Also covers others associated hazards contact with electricity can have resulting in accidents.		
1406	E	a	ELECTRICAL SAFETY: WHAT EVERYONE SHOULD KNOW		
DVD			<i>CLMI</i>		16:49
			This program shows how electricity works, what it can do to the human body and how to use electricity safely. For those who work with electrically powered tools, equipment/appliances & presents what everyone should know to stay safe.		
1407	S	a	MORE HIGH IMPACT LOCKOUT / TAGOUT SAFETY TRAINING		
DVD			<i>Training Network</i>		10:00
			This program stresses the importance of controlling hazardous energy in all required situations while providing viewers with a basic understanding of the key elements in the lockout / tagout process.		
1408	E	a	MORE HIGH IMPACT LOTO TRAINING		
DVD			<i>Training Network</i>		10:00
			2012		
			This program stresses the importance of controlling hazardous energy in all required situations while providing viewers with a basic understanding of the key elements in the lockout/tagout process.		
1409	E	a	ELECTRICAL SAFETY FOR EVERYONE		
DVD			<i>Aurora Pictures</i>		20:00
			This program provides viewers with a general understanding of how electricity works while showing them the actions they can take to prevent becoming part of an energized electrical circuit.		
1410	S	a	ELECTRICAL SAFETY FOR EVERYONE		
DVD			<i>Aurora Pictures</i>		20:00
			This program provides viewers with a general understanding of how electricity works while showing them the actions they can take to prevent becoming part of an energized electrical circuit.		

1411	E,S a	ELECTRICAL SAFETY - BASIC PRINCIPLES		
DVD		<i>Dupont</i>		16:00
		Anyone working with electricity must know & apply basic safety principles & proper emergency procedures to remain safe. Also defines common electrical terms: Housekeeping & Circuit protection devices.		
1412	E,S a	ABOUT LOCKOUT TAGOUT		
DVD		<i>Aurora</i>		13:00
		Program explains procedures workers must follow to protect themselves. Topics include employee designations, situations requiring lockout, lockout/tagout devices, energy control procedures & returning equipment to service.		
1415	E,S a	ARC FLASH SAFETY AWARENESS		
DVD		<i>Coastal</i> 2007		18:00
		How to protect your employees from electrical hazards and arc flash hazards by developing and implementing electrical safety programs, the proper PPE, and safe work practices.		
1416	E a	ARC FLASH AWARENESS		
DVD		<i>CDC-NIOSH</i> 2007		26:00
		Three incidents of arc flash and interviews with the survivors. Discusses causes, hazards, solutions, and required personal protective equipment.		
1421	E a	ELECTRICAL SAFETY: SAFE WORK PRACTICES		
DVD		<i>Summit Training Source</i>		14:00
		Safe electrical work practices, including basics of electricity, personal protective equipment, and work rules. A good basic training video.		
1422	S a	LOCKOUT / TAGOUT		
DVD		<i>CLMI/Blueprints</i>		16:15
		A comprehensive program showing the various types of energy, types of lockout devices, description of LOTO affected and authorized employees placement of devices and testing of equipments and returning of equipment to service.		

1424	S a	CONTROLLING HAZARDOUS ENERGY SOURCES		
DVD		<i>CLMI</i>		12:00
		Types of energy sources & how to control the energy sources. Procedures for LOTO.		
1425	E a	CONTROLLING HAZARDOUS ENERGY SOURCES		
DVD		<i>CLMI</i>		12:00
		This program gives information about all forms of energy & the use of Lockout / Tagout procedures. Identifies steam, electrical hydraulic & air pressure as well as kinetic & stored energy.		

Ergonomics and Lifting

1501	E,S a	BACK SAFETY LIFT WELL, LIVE WELL		
DVD		<i>Coastal</i>		15:00
		2008,2001		
		Very basic introduction to back safety, proper lifting techniques and exercises.		
1502	E a	CARPAL TUNNEL SYNDROME		
DVD		<i>Digital 2000</i>		11:00
		2012		
		Carpal Tunnel Syndrome is a common condition that can hinder your hand movements and cause a great deal of pain. This program covers anatomy of the hand and prevention of CTS.		
1503	E a	ELEMENTS OF BACK CARE: GENERAL INDUSTRY		
DVD		<i>CLMI</i>		13:45
		Good basic information about back safety, ergonomics, and backcare.		
1504	E,S a	BACK SAFETY - LIFT FOR LIFE		
DVD		<i>Summit Training Source</i>		16:00
		Many of the causes of back injuries can be prevented by teaching employees to follow proper lifting techniques and the basis of back safety. This program covers common back injuries, proper posture, reducing the hazard & lifting safety.		

1504	E,S b	BACK SAFETY: LIFT FOR LIFE		
DVD		<i>Summit</i>		15:00
		Help workers avoid back injury by training on proper lifting techniques & the basics of back safety. Topics include: Common back injuries, Accessing the lift, Proper posture, Lifting safely, Reducing the hazard & Other risk factors.		
1505	E,S a	MUSCLE STRAINS & SPRAINS		
DVD		<i>Summit Training Source</i>		20:00
		2000		
		Your employees learn the importance of hazard recognition, body mechanics, and properly preparing the body for performing manual tasks. Best practices, proper warm-up, cool-down techniques will lead to a reduction of strains & sprains at your site.		
1506	E,S a	HAND & POWER TOOLS SAFETY		
DVD		<i>Summit Training Source</i>		16:00
		Keep safety at the top of your worker's minds when they are using hand & power tools. Program focuses on important themes, such as: Work preparation PPE selection, Choosing the right tool for the job & Safe work practices for all tools.		
1509	E a	THE BACK OWNERS GUIDE TO LIFTING + STRETCHING		
DVD		<i>Aurora Pictures</i>		16:00
		Warm up before lifting to maximize your strength and reduce injury potential. An exciting and enthusiastic narrator helps us through the steps.		
1510	E a	ERGONOMIC MANAGEMENT: JOB HAZARD ANALYSIS		
DVD		<i>Summit Training Source</i>		15:45
		2001		
		This is an advanced lesson in computing angles for different body parts. These body positions are determined by stop frame videography. Technical information.		
1511	E a	BLINK! A PRACTICAL APPROACH TO WORKPLACE STRETCHING		
DVD		<i>Wumbus Corp.</i>		11:00
		A good introduction for management personnel on the importance of taking care of employees. Talks to managers & supervisors in business terms: cost & time.		

1512	E	a	A BETTER WAY TO LIFT		
DVD			<i>Wumbus Corp.</i>		14:00
			A good reminder about proper lifting techniques. Uses practical everyday language to talk about protecting your body while lifting.		
1513	E	a	BLINK! A PRACTICAL APPROACH TO WORKPLACE STRETCHING: MANAGEMENT EDITION		
CD ROM			<i>Wumbus Corp.</i>		10:00
			This energized production introduces the need of being prepared for lifting, material handling & back safety by doing some very short easy stretches. **Can only be seen on computers.		
1514	E	a	UNDERSTANDING & CONTROLLING ERGONOMIC RISK FACTORS		
DVD			<i>Training Network</i>		19:00
			The program reviews work control practices that employees can follow to prevent musculoskeletal injuries and illnesses. It also features both office and industrial settings to illustrate important lessons about ergonomics.		
1515	S	a	UNDERSTANDING & CONTROLLING ERGONOMIC RISK FACTORS		
DVD			<i>Training Network</i>		19:00
			The program reviews work control practices that employees can follow to prevent musculoskeletal injuries and illnesses. It also features both office and industrial settings to illustrate important lessons about ergonomics.		
1516	E	a	BACK SAFETY: THE ERGONOMIC CONNECTION		
DVD			<i>Summit Training Source</i>		13:00
			A total ergonomic approach to how you move. How to prevent debilitating back injures, while lifting.		
1518	E	a	COMPUTER WORKSTATION SAFETY		
DVD			<i>Training Network</i>		14:00
			Computers are taken for granted now in days and are not perceived as a risk. But computers can harm employees if workstations are not set up properly. Helpful suggestions to minimize pain and risk.		

1519 E a **OFFICE ERGONOMICS**
 DVD *Training Network* 17:00

Training program addresses how to recognize ergonomic problems, the potential for adverse effects if our offices are not set up ergonomically, and practical solutions employees themselves can use to do that.

1521 E a **POWERLIFT: LIFTING TRAINING THAT WORKS!**
 DVD *Aurora Pictures* 20:00

Program explains the five lifting techniques. This position helps you to move materials safely in practically every situation. This technique keeps the back in a powerful & safe posture while an object is being lifted.

1528 E,S a **BACK INJURY PREVENTION: YOU'RE IN CONTROL**
 DVD *Summit Training Source* 15:00

Good video showing animation of the human back and stressing correct posture during lifting and bending. Stresses keeping the back "straight" to maintain its natural "S" curvature.

1533 E,S a **ERGONOMICS - THE 24 HOUR BODY**
 DVD *Coastal* 18:00
 2008

Program teaches employees how to use ergonomic principles learned at work when working at home.

Excavations, Mining, and Tunneling

1600 E,S a **EXCAVATIONS: SAFE WORK ESSENTIALS**
 DVD *Summit* 15:00

This DVD helps workers understand the hazardous injuries that can occur from excavations on any type of worksite. Topics include What are excavations?, Potential hazards, Protective measures & Safe work practices.

1602 E,S a **EXCAVATIONS: SAFE WORK ESSENTIALS**
 DVD *Summit Training Source* 15:00
 2008

This program educates workers that every soil is different, no two excavations are the same, and every situation can be hazardous. Also ensures all worksites and workers are aware of the hazardous injuries that can occur from excavations

1603	E a	IN THE TRENCHES: EXCAVATION SAFETY FOR WORKERS	
DVD		<i>CLMI</i>	15:00
		1996	
		Understanding the nature of hazards in trenches explained simply.	
1604	E a	EXCAVATIONS: TRENCHES + SHORING	
DVD		<i>Summit Training Source</i>	14:00
		Excavations + trenching accidents are a leading cause of disabling injuries & suffocation in the construction industry. This program gives an overview of protective systems.	
1605	E a	TRENCH SAFETY FOR FIELD PERSONNEL	
DVD		<i>Digital 2000</i>	11:00
		This training program has been developed specifically for those persons working in / around trenches & excavations. Program topics include Regulations, The Competent Person, Pre-Planning, Soil Classification, Other Risks & Hazards.	
1607	E a	TRENCHING & SHORING	
DVD		<i>Digital 2000</i>	6:00
		Program provides basic information on safety procedures when trenching & shoring. Emphasis is placed on environmental conditions & safety of workers. This is a short refresher training course.	
1612	E a	TRENCH SAFETY AWARENESS TRAINING	
CD		<i>CDC/NIOSH</i>	16:00
		2005	
		Trench fatalities are preventable. The CD raises awareness of the risks and precautions in trenching and excavation operations.	

Fall Protection

1800	E a	SURVIVING THE FALL: YOUR PERSONAL FALL ARREST SYSTEM	
DVD		<i>American Training Resources</i>	20:00
		This video emphasizes proper anchor points & inspection of personal fall arrest system components. Very good information for worker's exposed to potential falls.	

1801	S	a	FALL FACTORS: PREVENTING SLIPS, TRIPS & FALLS REFRESHER SPANISH	
DVD			<i>Aurora Pictures</i>	12:00
			By understanding how "fall factors" such as balance, gravity, friction and momentum contribute to these incidents, we can take preventative measures to prevent falls.	
1802	E	a	FALL PROTECTION	
DVD			<i>Summit Training Source</i>	11:15
			Fall hazards, environmental factors, physical conditions are discussed. Shows how to inspect and maintain fall protection, as well as selection of the right fall protection systems.	
1803	E	a	THE ABC'S OF YOUR PERSONAL FALL ARREST SYSTEM	
DVD			<i>CLMI</i>	15:00
			Fall protection video concentrating on personal fall arrest systems. Goes over forces generated by falls, system inspections, retractors, and safe work practices. Good examples of results of failed fall protection.	
1804	E	a	FALL PROTECTION: ELEVATED PLATFORMS	
DVD			<i>Summit Training Source</i> 2007	15:30
			While the dangers of falling from a great height are obvious, many workers underestimate how dangerous a short fall can be. This training program will ensure that your workers are aware and alert to the risks when working at any elevated height.	
1805	E	a	CONSTRUCTION FALL PROTECTION	
DVD			<i>CLMI</i>	12:00
			Fall protection on construction sites, looks at fall hazard recognition, evaluation and control, covers floor hole covers, safety nets, guardrail, and personal fall arrest systems.	
1806	E	a	FALL FACTORS: PREVENTING SLIPS, TRIPS & FALLS REFRESHER	
DVD			<i>Aurora Pictures</i>	12:00
			By understanding how "fall factors" such as balance, gravity, friction and momentum contribute to these incidents, we can take preventative measures to prevent falls.	

1807	E a	FALL PROTECTION		
DVD		<i>Digital 2000</i>		19:00
		Program topics: different types of fall protection, guardrails, when & how to use equipment, safety nets, cover, personal fall arrest system, fall protection plan, written certification records, and retrieving a person who has fallen.		
1808	E b	FALL PROTECTION TAKING CONTROL		
DVD		<i>Summit Training</i>		11:00
		Basic overview of fall protection components and applications.		
1808	E a	FALL PROTECTION TAKING CONTROL		
DVD		<i>Summit Training Source</i>		11:00
		Basic overview of fall protection components and applications.		

Fire Extinguishers, Evacuation, and Rescue Operations

1900	E,S a	PORTABLE FIRE EXTINGUISHERS		
DVD		<i>Coastal</i> 2010		14:00
		How to use fire extinguisher safely. Covers the first triangle, types of fire extinguishers and what kinds of fires they will put out.		
1901	E a	EMERGENCY PREPAREDNESS & RESPONSE		
DVD		<i>Aurora Pictures</i>		22:00
		The purpose of this program is to familiarize viewers with basic emergency response practices that will help them be prepared for and respond to a crisis or an emergency.		
1904	E,S a	FIRE EXTINGUISHERS - YOUR PASS TO SAFETY		
DVD		<i>Atlantic Training Co.</i> 2004		8:00
		This program explains ways to eliminate the three elements, different fire extinguishers & their uses, classes of fire, the PASS procedure & when to call the fire department.		

1906 S a **EMERGENCY PREPAREDNESS & RESPONSE**
DVD *Aurora Pictures* 22:00

The purpose of this program is to familiarize viewers with basic emergency response practices that will help them be prepared for and respond to a crisis or an emergency.

1909 E,S a **CHEMICAL HANDLING SAFETY - FLAMMABLES**
DVD *Coastal* 17:00
2009

This program teaches employees how to keep flammable chemicals under control to ensure a safe and healthy workplace.

1910 E,S a **EMERGENCY EVACUATION - GETTING OUT ALIVE**
DVD *Coastal* 15:00
2010

When faced with an emergency situation, the chances of survival increase with adequate training, preparation & an emergency action plan. This program prepares your employees to handle any disaster.

1911 E,S a **ABOUT FIRE PREVENTION & RESPONSE**
DVD *Aurora Pictures* 12:00

This program discusses how workers can prevent fires and how they should respond should one occur. Topics include classes of fire, good housekeeping, storage of flammable materials, hot work precautions, responding to fires.

1912 E,S a **ABOUT THE PROPER USE OF FIRE EXTINGUISHER**
DVD *Aurora Pictures* 12:00

This program discusses the various types of extinguishers, deciding whether to use one & how to use it properly. Topics include classes of fires, types of extinguishers, proper use of extinguishers & maintenance.

Forklifts, Mechanical Material Handling, Storage, and Disposal

2000 E,S a **ABOUT SAFE FORKLIFT OPERATION**
DVD *Aurora Pictures* 13:00

Program reviews proper operating procedures & training, pre-operational inspection, maintaining stability, lifting & placing loads, safe driving techniques, loading docks & trailers.

2001	E a	OPERATING ELECTRIC PALLET JACKS SAFELY		
DVD		<i>Aurora Training</i>		15:00
		This program discusses how to safely operate electric-powered pallet jacks so operators can deliver their loads while avoiding injury and property damage.		
2002	E a	HANDLE WITH CARE: FORKLIFT SAFETY TRAINING		
DVD		<i>CLMI/Blueprints</i>		20:00
		Good introduction to the safe operation of hard surface forklifts. Covers inspections, loading, balance, stability triangle and use around tractor trailers.		
2003	E a	FORKLIFTS: OPERATOR SAFETY		
DVD		<i>American Training Resources</i>		20:00
		2004		
		This DVD provides viewers with the basic information they need to know regarding the three areas of forklift safety: how a forklift operates, how to safely lift, carry and place a load, and following the rules of the road.		
2005	E,S a	FORKLIFT BASICS - SAFE FROM THE START		
DVD		<i>Dupont</i>		22:00
		2006		
		This program provides details on the powered industrial truck, from the way it is constructed to the way it works. It will help your operators understand the factors that affect forklift balance and maneuverability.		
2007	E,S a	FORKLIFT OPERATIONS: SAFETY DRIVEN		
DVD		<i>Summit Training Source</i>		17:00
		Employers can prevent costly accidents and injuries by teaching drivers to recognize hazards and follow proper operating procedures.		
2014	E,S a	RIGGING EQUIPMENT BASICS		
DVD		<i>Coastal</i>		20:00
		2004		
		Materials and techniques in the three most common types of slings (wire rope, fiber rope, and webbing) are presented in this program, along with information on proper selection, maintenance and rigging. Topics covered include rigging basics, slings...		

2016 E,S a **FORKLIFT OPERATIONS: CARRY THE LOAD**
 DVD *Coastal* 20:00
 2005
 Video covers forklift operating conditions; vehicle and pedestrian traffic, special hazards; and load manipulation.

General Safety Awareness and Attitude

2101 E a **UNDERSTANDING & PREVENTING HEAT RELATED ILLNESSES**
 DVD *American Training Resources* 16:00
 2010
 As the temperature rises this summer the potential for heat-related illnesses increases dramatically. Your employees must be vigilant in their efforts to recognize heat stress, how to avoid it & treatment options.

2102 E a **SAFETY'S TOP 10 CAUSES OF WORKPLACE INJURIES**
 DVD *American Training Resources* 20:00
 Awareness for employers & employees about the Top 10 most common causes for workplace injuries.

2105 S a **MAKING SAFETY WORK**
 DVD *Training Network* 11:00
 2013
 This program gives an overview of common workplace hazards, how they are to be controlled while also demonstrating the importance of each employee's participation in the safety effort.

2106 E a **OFFICE INJURY PREVENTION**
 DVD *Summit Training Source* 19:00
 Workers sometimes overlook safety in an office setting. This video provides examples of the potentially endless list of office safety hazards & shows how they are preventable.

2107 E,S a **OFFICE SAFETY - IT'S A JUNGLE IN THERE**
 DVD *Coastal* 20:00
 2008
 This program shows how to prevent injuries at workstations, controlling dangers of fire, electricity & hazardous materials & formulating emergency plans.

2109	E a	OSHA TOP TEN VIOLATIONS		
DVD		<i>Aurora Pictures</i>		27:00
		This video serves as a guide to help you understand the ten most common OSHA violations and what your company and employees can do to help minimize the risk of an OSHA citation.		
2110	S a	OSHA TOP TEN VIOLATIONS		
DVD		<i>Aurora Pictures</i>		27:00
		This video serves as a guide to help you understand the ten most common OSHA violations and what your company and employees can do to help minimize the risk of an OSHA citation.		
2111	E a	LANDSCAPE MAINTENANCE SAFETY		
DVD		<i>Digital 2000</i> 2006		15:00
		This program addresses equipment handling, recommended protective equipment and work practices used in landscaping activities.		
2112	E,S a	BEAT THE HEAT! PREVENTING & TREATING HEAT DISORDERS		
DVD		<i>Coastal</i> 2007		15:00
		Good description of the effects of heat on the body. Includes information on sunburn, heat exhaustion, and heat stroke. Covers dietary & fluid replacement information as well as recreational & work exposures.		
2113	E a	TREE TRIMMING SAFETY		
DVD		<i>Digital 2000</i>		15:20
		This program goes over safety information for tree trimmers. Learn the true potential of serious falls, risks of electrical wires, falling trees, poison ivy and snakes.		
2114	E a	SAFETY IN THE OFFICE		
DVD		<i>Aurora Pictures</i>		7:00
		Designed to raise awareness of safety hazards in an office environment. This safety video focuses on the most common hazards found in an office. Topics include: Basic Ergonomics, Ladders, Office Equipment, Slips And Falls, Safe Lifting & Fire		

2115	E,S	a	HEAT STRESS: PREVENTATIVE MEASURES		
DVD			<i>Summit Training Source</i>		17:00
			This program will teach your workers techniques to beat the heat & avoid the potential dangers of heat related illness. Topics include what is heat stress, preparing for heat, heat stress disorders, their effects & safe work practices.		
2116	E	a	PREVENTING HAND INJURIES		
DVD			<i>Aurora Pictures</i>		11:00
			This safety program shows how hands get injured, what workers can do to prevent them including common injuries, the hazards to look out for & safe practices workers need to take to protect their hands.		
2120	S	a	PREVENTING HAND INJURIES		
DVD			<i>Aurora Pictures</i>		11:00
			This safety program shows how hands get injured, what workers can do to prevent them including common injuries, the hazards to look out for & safe practices workers need to take to protect their hands.		
2122	E	a	CONSTRUCTION SAFETY ESSENTIALS		
DVD			<i>Vocan</i> 2003		25:00
			A good visual aid to introduce workers and other affected employers to the many hazards associated with construction projects.		
2124	E	a	WAREHOUSE SAFETY IT'S NO MYSTERY		
DVD			<i>Coastal</i>		21:00
			Warehouse hazards are plentiful & your safety standards must be thorough and enforced to deal with the problem. This program goes over the most common warehouse hazards and explains PPE, Ergonomics, back safety & Driving a forklift safely.		
2125	E	a	DON'T BET YOUR LIFE ON UNSAFE ACTS		
DVD			<i>CLMI</i>		14:00
			Good video to reinforce positive safety attitude on the job.		

2127	E a	AN INTRODUCTION TO WORKPLACE SAFETY		
DVD		<i>Aurora</i>		13:00
		How to identify, control & eliminate workplace hazards. For you + your co-workers. Everyone must participate to find & correct hazards.		
2128	E a	CUT PROTECTION		
DVD		<i>Aurora Pictures</i>		11:00
		DVD covers how to protect employees from cuts, the types of gloves & other protective gear like sleeves that are available, which gloves & sleeves to choose from, how to select the right glove size & how to take care of this equipment.		
2129	E a	SAFETY OF PEOPLE & EQUIPMENT IN WAREHOUSE		
DVD		<i>Summit Training Source</i>		10:00
		This program reminds workers that both forklift operators and those around them are responsible for maintaining a safe environment. Safety is a team effort that demands everyone's focus and attention.		
2131	S a	CUT PROTECTION		
DVD		<i>Aurora Pictures</i>		11:00
		DVD covers how to protect employees from cuts, the types of gloves & other protective gear like sleeves that are available, which gloves & sleeves to choose from, how to select the right glove size & how to take care of this equipment.		
2133	E a	SAFE BEHAVIOR - NO REGRETS		
DVD		<i>Summit Training Source</i>		13:00
		Good introductory video for general safety orientation.		
2139	E a	IT'S UP TO ME		
DVD		<i>CLMI</i>		14:00
		Who's responsible for safety in the workplace? Everybody is responsible for their own safety and the safety of others! Uses examples of safety procedures gone wrong to illustrate these points.		

2142	E a	NIOSH SAFETY CHECKLIST PROGRAM FOR SCHOOLS	
CD		<i>CDC/NIOSH</i>	
		2004	
		Reference CD on school safety information.	
2143	E a	LISTENING TO SMALL BUSINESS	
CD		<i>OSHA</i>	20:00
		Describes OSHA's initiative to help small businesses toward creating value in the American workplace. Experiences of various small businesses are provided.	
2146	E a	WAREHOUSE SAFETY	
DVD		<i>Aurora Pictures</i>	18:00
		This program covers warehouse safety fundamentals, materials handling basics, storing & stocking pallets, working safely with forklifts, working safely on loading docks & more.	
2148	S a	WAREHOUSE SAFETY	
DVD		<i>Aurora Pictures</i>	18:00
		This program covers warehouse safety fundamentals, materials handling basics, storing & stocking pallets, working safely with forklifts, working safely on loading docks & more.	
2152	E a	DELIVERING JUSTICE: IDENTITY CRISIS	
DVD		<i>U.S. Postal Inspection Service</i>	12:00
		2003	
		Identity fraud is the fastest growing crime in America. With millions of victims and losses in the billions, it continues to be one of consumers' biggest fears. This video provides tips on how to protect yourself.	
2153	E a	DELIVERING JUSTICE: NOWHERE TO RUN	
DVD		<i>U.S. Postal Inspection Service</i>	15:00
		2005	
		The Internet and international phone calls make it easy for fraudsters to work from anywhere in the world.	

2154	E a	DELIVERING JUSTICE: LONG SHOT		
DVD		<i>U.S. Postal Inspection Service</i>		8:00
		2004		
		It's illegal to play foreign lotteries in the U.S. Another reason not to play is that you're almost guaranteed to lose. This DVD provides tips on helping you avoid becoming a victim.		
2155	E a	DELIVERING JUSTICE: WORK@HOME SCAMS		
DVD		<i>U.S. Postal Inspection Service</i>		8:00
		2004		
		Working at home has become attractive to many stay-at-home moms, college students and retirees. While some jobs are legitimate, others just don't deliver on their promises. The video provides tips on how you can avoid being duped by criminals.		
2156	E a	DELIVERING JUSTICE: ALL THE KINGS MEN		
DVD		<i>U.S. Postal Inspection Service</i>		15:00
		2006		
		Fraud schemes victimize millions of Americans each year, leaving many financially devastated. There are laws to protect victims and services and support available to them. Victims are encouraged to learn more about their rights and services.		
2157	E a	DELIVERING JUSTICE: DIALING FOR DOLLARS		
DVD		<i>U.S. Postal Inspection Service</i>		20:00
		2004		
		Telemarketing fraud costs Americans millions of dollars each year. When it comes to phony investment "opportunities," older Americans are prime targets. The DVD provides tips on how to protect yourself from investment fraud.		
2158	E a	DELIVERING JUSTICE: WEB OF DECEIT		
DVD		<i>U.S. Postal Inspection Service</i>		15:00
		2005		
		Criminals from around the world are using bogus emails to obtain vital bank account information and legitimate looking websites to trick unsuspecting people. Once duped, they drain your bank accounts and wreck your finances. Tips to avoid being tricked.		
2161	E,S a	GROUNDSKEEPING SAFETY - BE A PRO!		
DVD		<i>Coastal</i>		17:00
		2008		
		Groundskeepers will learn to work safely with tools and chemicals. Includes safety checklists; tractors and mowers; trimmers and bush cutters; and a checklist for hazardous materials.		

2162	E a	COLD STRESS		
DVD		<i>Summit Training Source</i>		15:22
		Discussion of cold related conditions, including frost bite and hypothermia, methods of eliminating or minimizing exposures to cold environments are discussed.		
2163	E,S a	HEADS UP - WAREHOUSE SAFETY		
DVD		<i>Summit Training Source</i>		12:00
		Safe lifting techniques, powered industrial trucks, housekeeping, and best work practices for safety in warehouses.		
2165	E a	BUS PERSON SAFETY		
DVD		<i>Safety Source</i>		10:00
		Addresses some common hazards bus persons face during the course of their work. Topics covered include: preventing cuts and burns, how to handle broken glass, working safely with chemicals, clip and fall prevention, and back injury prevention.		
2166	S a	LAUNDRY ROOM SAFETY		
DVD		<i>Safety Source</i>		12:00
		Provides laundry workers with an overview of their safety responsibilities and outlines techniques to minimize potential risks. This program addresses machine guarding, safe lifting, heat related concerns, and others.		
2174	E a	HEIGHT SAFETY ESSENTIALS		
DVD		<i>VOCAM</i> 2006		21:00
		Good introduction or refresher about the hazards of working at heights.		
2177	E a	WORKING SAFELY IN HOT ENVIRONMENTS		
DVD		<i>CLMI</i>		15:00
		Video about heat stress, heat-related illnesses, and precautions to take. Heat rash, cramps, exhaustion, and stroke symptoms and treatments are discussed. Uses good scenarios as examples.		

2178	S a	WORKING SAFELY IN HOT ENVIRONMENTS		
DVD		<i>CLMI</i>		15:00
		Video about heat stress, heat-related illnesses, and precautions to take. Heat rash, cramps, exhaustion, and stroke symptoms and treatments are discussed. Uses good scenarios as examples.		
2179	S a	I CHOSE TO LOOK THE OTHER WAY		
DVD		<i>CLMI</i>		10:00
		Story of an employee who failed to speak up when witnessing an unsafe act by choosing to look the other way. He allowed the needless death of a co-worker to occur.		
2180	E a	UNDERSTANDING SAFETY AWARENESS		
DVD		<i>SafetyCare</i>		12:00
		A basis introduction to safety awareness and some of the contributing factors ie housekeeping, tools, ppe, etc.		
2182	E a	SAFETY IN THE OFFICE		
DVD		<i>SafetyCare</i>		15:00
		This program has been produced to inform & educate on the safety issues that exist in the office environment. It looks at the common & often overlooked hazards that could exist in an average office.		
2183	E,S a	HAND SAFETY: IT'S IN YOUR HANDS		
DVD		<i>Dupont</i> 2009		16:00
		Program reviews wearing the right hand protection, using machine guards, using the right tool for the task, keeping equipment in proper working order & taking good care of gloves. Get a firm grip on hand safety and prevent accidents.		
2184	E,S a	MANUAL MATERIAL HANDLING		
DVD		<i>Summit Training Source</i> 2009		15:00
		This program trains employees on the necessities of lifting, moving and storing materials. Also educates your employees so they can get the job done while staying safe. A good initial overview for manual material handling.		

Hazard Communication, Hazardous Materials, and Toxic Substances

2200	S a	HAZARD COMMUNICATION - YOUR KEY TO CHEMICAL SAFETY	
DVD		<i>Training Network</i>	13:00
		2013	
		This updated program goes over the different subparts of the topic and makes it really practical by answering common questions about chemical safety.	
2201	E a	ASBESTOS AWARENESS	
DVD		<i>Safety Care Inc.</i>	11:00
		2013	
		A good introduction of some of the health hazards that unprotected asbestos exposure can cause. Possible exposure components in the workplace + control measures.	
2203	E a	HAZWOPER ORIENTATION	
DVD		<i>Aurora Pictures</i>	16:00
		Outlines minimum emergency plan requirements and identifies regulations applicable to HAZWOPER operations.	
2204	E,S a	LEAD SAFETY ON THE JOB	
DVD		<i>COASTAL</i>	25:00
		2003,2007	
		Good introductory video about safe work practices when working around lead or lead containing materials. Discusses health issues, clothing contamination & hygiene practices.	
2205	E a	HAZWOPER SITE SAFETY & HEALTH PLAN	
DVD		<i>Aurora Pictures</i>	18:00
		This program teaches what is needed in the plan, how to develop the plans & how to make sure workers are familiar with the plan before they respond to any incident. The importance of review and updating the plans is stressed.	
2206	E a	FORMALDEHYDE	
DVD		<i>Summit Training Source</i>	13:00
		Introductory information about safe work practices when working with or around formaldehyde. Covers hazards, monitoring the work environment & measures to reduce exposures.	

2207	E,S a	SILICA SAFETY AWARENESS		
DVD		<i>Summit Training Source</i>		14:00
		This program will help protect your workers from the hazards of crystalline silica in order to avoid unnecessary illness & death.		
2208	E,S a	LAB SAFETY		
DVD		<i>Summit Training Source</i>		16:41
		Basic introduction to laboratory safety. Covers four main areas; 1) potential hazards 2) site specific hazards 3) Lab ergonomics 4) preventitive measures.		
2209	E a	ASBESTOS: UNDERSTANDING THE HAZARDS		
DVD		<i>Summit Training Source</i>		20:00
		Prevent exposure & related medical complications to your workers. Motivate your employees to follow proper procedures when handling asbestos. Includes demonstrations of asbestos removal using glove bags & isolation space removal.		
2210	E,S a	WHAT'S WRONG WITH THIS PICTURE? HAZARD COMMUNICATION & GHS		
DVD		<i>Aurora Pictures</i>		19:00
		Examples & demonstrations help viewers understand the importance of information available to them on Labels, Pictograms, Safety Data Sheets & their company's Written Hazard Communication Plan.		
2213	E a	HAZCOM IN SYNC WITH GHS		
DVD		<i>Dupont</i> 2012		16:00
		This brief video explains the 6 classifications of hazards identified by the new GHS pictograms & explains the criteria of the Safety Data Sheets & labels for chemical products in the workplace.		
2214	E a	HAZWOPER RESPIRATORY PROTECTION		
DVD		<i>Aurora Pictures</i>		24:00
		Respiratory protection is needed to prevent inhalation hazards & ensure successful work in contaminated atmospheres. Know the hazards & get the right protection.		

2215	E a	LEAD STANDARDS ANNUAL RETRAINING		
DVD		<i>Aurora Picture</i>		13:00
		Discusses respiratory and other PPE requirements, medical surveillance and sources of exposure. A good review of the hazards posed by working around sources of lead.		
2216	E a	HAZARD COMMUNICATION: YOUR KEY TO CHEMICAL SAFETY		
DVD		<i>CLMI</i>		14:00
		Good introduction to the new Global Harmonization program for communications about hazardous chemical. Covers the pertinent sections on personal protection.		
2217	E,S a	GHS GLOBALIZE YOUR COMMUNICATION		
DVD		<i>Summit Training Source</i>		16:00
		This updated GHS program takes a fresh approach to this topic & the information on the new Global Harmonization Labeling System. Also covers the labeling system & safety data sheets.		
2219	E a	HYDROGEN SULFIDE EMPLOYEE TRAINING		
DVD		<i>American Training Resources</i>		21:00
		Learn the dangerous characteristics of hydrogen sulfide, how warning devices & monitoring systems are used to notify employees of hydrogen sulfide levels & how to safely evacuate an area where hydrogen sulfide has been released.		
2222	E a	HEXAVALENT CHROMIUM: EMPLOYEE TRAINING		
DVD		<i>American Training</i>		15:00
		Hexavalent chromium is essential but they can also be harmful or lethal to those employees exposed to them. This program discusses the safe work practices workers must follow to avoid exposures to this hazardous substance.		
2223	E a	HYDROGEN SULFIDE SAFETY		
DVD		<i>Summit Training Source</i>		14:00
		Protect the health of your workers by training with Summits Hydrogen Sulfide Safety program. Hydrogen sulfide is an extremely toxic, colorless, flammable gas with a characteristic rotten egg smell when present in small concentrations.		

2225	E a	STORM WATER POLLUTION PREVENTION PLAN		
DVD		<i>American Training Resources</i>		22:00
		Pollution spread by contaminated stormwater is a real problem and understanding your organization's Stormwater Pollution Prevention Plan is the purpose of this program.		
2228	E a	RESOURCE CONSERVATION RECOVERY ACT-RCRA		
DVD		<i>Americian Training Resources</i>		20:00
		This DVD covers basic information about CFR 260-265 (Environmental). It is good for companies with known hazardous wastes.		
2229	E a	ASBESTOS AWARENESS		
DVD		<i>Aurora Pictures</i>		14:00
		This program reviews the hazards of asbestos, OSHA's asbestos standard, types of materials that may contain asbestos, how to protect yourself when disturbing a material that may contain asbestos, air monitoring & decontamination.		
2240	E,S a	COMBUSTIBLE DUST: UP IN A FLASH		
DVD		<i>Coastal</i>		11:00
		2008		
		Basic introduction to the hazards associated with dust; their flamability and explosive properties. Discusses the fire components that create dust explosions, proper PPE and hazard prevention. Has several presentation modalities.		
2241	E a	PROCESS SAFETY MANAGEMENT		
DVD		<i>Summit Training Source</i>		20:00
		Basics of Process Safety Management, including management of change, mechanical integrity, subcontractors, audits, incident investigatin, engineering controls, employee participation, and process hazard analysis.		
2244	E a	ONE TINY SPARK: FLAMMABLE LIQUID SAFETY		
DVD		<i>CLMI</i>		14:00
		The fire and explosion hazards of flammable liquids in the jworkplace, covers the fire triangle, flash points, bonding and grounding, and fire prevention.		

2245	S a	ASBESTOS MAITENANCE		
DVD		<i>Summit Training Source</i>		7:45
		1999		
		What is asbestos, uses, and where it is found. Protective measures - PPE, exposure assessment standards associated with asbestos.		
2247	E,S a	HAZARD COMMUNICATION FOR NON INDUSTRIAL EMPLOYEES		
DVD		<i>Coastal</i>		17:00
		Lack of expertise can be the cause of accidents. This program aims to inform employees on safety measures when dealing with chemicals.		
2249	E a	SILICA EXPOSURE - IT CAN LEAVE YOU BREATHLESS		
DVD		<i>CLMI</i>		13:00
		1998		
		Good introduction to the hazards associated with silica. Starts by indentifying what silica is & how we can be exposed. Also shows how to protect ourselves & others.		
2250	E,S a	CHEMICAL HANDLING SAFETY FLAMMABLES		
DVD		<i>Coastal</i>		17:00
		2003		
		Fire is always a threat in the workplace and flammable chemicals drastically increase the chances of one occurring. But with this program, your employees can lessen these risks by knowing how to handle flammables properly.		
2251	E,S a	AMMONIA SAFETY		
DVD		<i>Summit Training Source</i>		20:00
		2007		
		This video program covers what is Anhydrous Ammonia, potential hazards & best safety practices when working with ammonia.		
2252	E a	ASBESTOS AWARENESS		
DVD		<i>Summit Training Source</i>		9:00
		Your workers will gain a respect for the hazards and learn to follow safe procedures when working in areas that may contain asbestos. Asbestos: Awareness includes footage of maintenance and janitorial activities where asbestos could be present.		

Ladder Safety

2300	E a	A PRACTICAL APPROACH TO LADDER SAFETY		
DVD		<i>CLMI</i>		19:00
		Ladder safety video that covers proper ladder choices, setting ladders up, types of ladders, and capacities. Shows good work practices and inspection criteria.		
2302	E a	LADDER SAFETY TECHNIQUES		
DVD		<i>Training Network</i>		17:00
		2013		
		Over 300 people are killed every year and 165,000 are injured while using ladders. This safety video will teach the techniques to help keep you and your employees safe while using ladders so you don't become one of these statistics.		
2303	S a	LADDER SAFETY TECHNIQUES		
DVD		<i>Training Network</i>		17:00
		This safety program will teach the techniques to help keep you and your employees safe while using ladders.		
2305	E,S a	STEP RIGHT UP		
DVD		<i>American Ladder Institute</i>		19:00
		1977		
		A true classic! Shows all of the mistakes people make using different types of ladders and stresses correct techniques. Utilizes humor to get the point across.		
2306	E a	LADDER SAFETY		
DVD		<i>Safetycare</i>		13:00
		1994		
		This program looks at the selection and safe use of ladders in the workplace. This program has been designed for general training for all personnel who use ladders.		
2307	E,S a	STAIRWAYS & LADDERS - THE FIRST STEP		
DVD		<i>Coastal</i>		22:20
		2005		
		How to safely use stairs, portable ladders & make proper selections.		

Machine Guarding and Tool Safety

2400	E,S	a	MACHINE GUARDING - SAFEGUARD YOUR FUTURE	
DVD			<i>Dupont</i>	13:00
			2008	
			Every machine has guarding to protect workers if they come in contact with the machine. Make sure your employees understand the importance of knowing about & using the machine guards meant to protect them.	
2401	E,S	a	HAND & POWER TOOL SAFETY	
DVD			<i>Summit Training</i>	15:00
			2005	
			In this program employees will learn to choose the right tool, how to handle tools correctly and wearing the correct PPE.	
2402	E	a	HAND & POWER TOOL SAFETY	
DVD			<i>Digital 2000</i>	13:00
			2009	
			This DVD focuses on how to use hand & power tools safely. Program outline includes the dangers of hand tools, using guards, operating controls and switches.	
2403	E	a	TABLE & RADIAL ARM SAW SAFETY	
DVD			<i>Digital 2000</i>	6:00
			This DVD shows the many safety & health hazards associated in table saws. Topics include guards, PPE, preventing kick backs. Also goes over what to do & what not to do.	
2404	E	a	UTILITY KNIFE SAFETY	
DVD			<i>Aurora Pictures</i>	9:00
			This safety video covers the safe use of utility knives including the different types of knives that are available, techniques for cutting safely and how to change blades without getting injured.	
2407	E	a	MACHINE GUARDING & OPERATOR SAFETY	
DVD			<i>Aurora Pictures</i>	18:00
			This program explains the hazards & discusses how injuries can be avoided through the proper use of machine guarding, safety devices & safe work practices.	

2409	E a	THE LINE OF FIRE		
DVD		<i>CLMI</i>		13:00
		A very good video reminding workers about the many dangers associated with many different types of moving parts and equipment.		
2410	E a	GRINDING & ABRASIVE WHEELS		
DVD		<i>Digital 2000</i>		13:00
		This program provides information on the proper use & operation of grinders in a safe manner. Topics include Abrasive Disks, Causes of Personal Injuries, Safety Tips, Abrasive Wheels, Maintenance of Grinding Tools & Personal Protective Equipment.		
2414	a E,S a	MACHINE GUARDING		
DVD		<i>Summit Training Source</i>		10:35
		Machine guards are an important piece of safety equipment & need to be used at all times. This program shows the full range of machine guards & educates workers on their use & maintenance.		
2416	E,S a	HAND AND POWER TOOL SAFETY		
DVD		<i>Summit Training Source</i>		19:45
		Good common-sense video on safer use and maintenance of hand and power tools. Good for both general industry and construction.		
2418	E a	EQUIPMENT GUARDING		
DVD		<i>MSHA</i> 2005		30:00
		Two DVD set that focuses on reducing risk by improving equipment guarding. Discusses protection levels provided by various types of guards in mining industry.		
2419	E a	JUNKYARD GUARDS		
DVD		<i>MSHA</i> 2005		19:00
		A depiction of two teams of miners who solve equipment guarding problems by creatively using parts and materials commonly found on mine sites.		

2420 E,S a **MACHINE GUARDING**
 DVD
Coastal 13:00
 1994
 This program details categories & types of machine guarding. Importance of safeguarding, places where most machine hazards occur& safety control devices.

2425 S a **THE LINE OF FIRE**
 DVD
CLMI 13:00
 A very good video reminding workers about the many dangers associated with many different types of moving parts and equipment.

Personal Protective Equipment (PPE)

2500 E a **PPE: YOUR LAST LAYER OF PROTECTION**
 DVD
Aurora Pictures 20:00
 Proper protective equipment selection and proper use can provide valuable protection when performing tasks in the workplace.

2501 E,S a **EYE PROTECTION: WHY GAMBLE?**
 DVD
Coastal 13:00
 2007
 Don't turn a blind eye to accidents! Ways to avoid eye injuries. This program also outlines emergency procedures & complies with OSHA's eye protectors standards.

2502 E a **RESPIRATORY PROTECTION: YOUR GUIDE TO CLEAN BREATHING**
 DVD
Training Network 17:00
 2013
 Air purifying respirators can be an effective means to keeping harmful contamination out of worker's lungs, but need to be selected, fitted, used and maintained in a way that assures protection.

2503 E a **PPE: YOUR LAST LAYER OF PROTECTION**
 DVD
Training Network 10:00
 This program discusses the proper selection and use of common types of personal protective equipment and features worker testimonials that provide valuable lessons about the importance of wearing your PPE.

2506	S a	PPE: YOUR LAST LAYER OF PROTECTION		
DVD		<i>Training Network</i>		10:00
		This program discusses the proper selection & use of common types of personal protective equipment. Also features worker testimonials that provide valuable lessons about the importance of wearing your PPE.		
2507	E a	ABOUT PERSONAL PROTECTIVE EQUIPMENT		
DVD		<i>Aurora</i>		12:00
		This program reviews the basic types of personal protective equipment and how to wear it to prevent injuries. Topics include hard hats, hearing protection, eye and face protection, gloves and foot protection.		
2508	E a	EYE PROTECTION A NEW APPROACH		
DVD		<i>Digital 2000</i>		5:00
		The program covers eye hazards, types of eye protection, first aid and eye examination. This is a short refresher training course.		
2509	E,S a	ABOUT PREVENTING HEARING LOSS		
DVD		<i>Aurora</i>		12:00
		This program explains how the hearing loss prevention program works to protect workers hearing. Topics include permissible exposure levels, use of earplugs, ear muff use, audiometric testing & the importance of protecting our hearing.		
2512	E a	PPE: FROM HEAD TO TOE		
DVD		<i>American Training Resources</i> 2012		15:00
		This program provides an easy-to-understand overview of the variety of PPE available to help make the job tasks we undertake safe. You'll learn when protective clothing is required, types of eye protection, use of earplugs & earmuffs.		
2513	S a	RESPIRATORY PROTECTION: YOUR GUIDE TO CLEAN BREATHING		
DVD		<i>Training Network</i>		17:00
		This program shows how respirators can be an effective means to keeping harmful contamination out of worker's lungs, but need to be selected, fitted, used & maintained in a way that assures protection.		

2515	E,S	a	HEADS UP! HARD HAT SAFETY		
DVD			<i>Coastal</i>		19:00
			2006		
			Use of hard hats - importance of the use to prevent injuries and head hazards. How safety hats work and the importance of proper maintenance and use.		
2517	E,S	a	HEARING PROTECTION - SOUNDS GOOD TO ME		
DVD			<i>DuPont</i>		14:00
			Study how the ear works & how it's affected/damaged by noise. Control noise level, understand Noise Reduction Ratings, use the appropriate ear PPE: earplugs, canal caps & earmuffs.		
2519	E	a	THE RESPIRATORY PROTECTION PROGRAM: EMPLOYEE VERSION		
DVD			<i>American Training Resources</i>		15:00
			This program shows employees how to protect themselves from respiratory hazards, the various types of respirators and how assigned protection factors (APF's) are used to determine the appropriate respirator.		
2520	E	a	HEARING CONSERVATION: TRAINING FOR EMPLOYEES		
DVD			<i>American Training Resources</i>		15:00
			2007		
			Because hearing loss can be gradual, we often don't recognize it's happening until it's too late. This program explains how your facility's hearing conservation program protects employees from the harmful effects of noise exposure.		
2522	E	a	THE RESPIRATORY PROTECTION PROGRAM: EMPLOYEE TRAINING		
DVD			<i>Training Network</i>		16:00
			2015		
			This DVD explains how to set up a respiratory program in accordance with OSHA's Respiratory Protection Standards. Program outlines measures taken to ensure the health & safety of your employees.		
2523	S	a	THE RESPIRATORY PROTECTION PROGRAM: EMPLOYEE TRAINING		
DVD			<i>Training Network</i>		16:00
			2015		
			This DVD explains how to set up a respiratory program in accordance with OSHA's Respiratory Protection Standards. Program outlines measures taken to ensure the health & safety of your employees.		

2524	E a	EYE SAFETY NO SECOND CHANCES		
DVD		<i>Summit Training Source</i>		17:15
		Uses real life examples and interviews to emphasize the importance of protecting your vision. Gives a short lesson on the anatomy of the eye and different hazards to which your vision could be exposed. Covers strength of primary eye protection.		
2525	E a	THAT'S WHY YOU WEAR EYE PROTECTION		
DVD		<i>CLMI</i>		18:00
		How to protect your eyes from hazards that can rob you of your vision. Covers hazards, proper selection of eye protection, wearing it properly, and inspecting it regularly.		
2528	E a	THAT'S WHY YOU WEAR A HARD HAT		
DVD		<i>Aurora Pictures</i>		13:00
		An excellent presentation on the importance of using head protection. Describes the suspension system, electrical conductivity and importance of always being protected.		
2532	E a	RESPIRATORY PROTECTION		
DVD		<i>CLMI</i>		12:00
		Good introductory presentation about respiratory protection; why we need, selecting the right protection, cleaning and storage.		
2533	S a	WHAT..? PROTECTING YOUR HEARING		
DVD		<i>CLMI</i>		15:00
		Hearing protection - reviews anatomy of ear, decibels, sound-selection, and care of PPE. Various types of hearing protection.		
2534	S a	THAT'S WHY YOU WEAR EYE PROTECTION		
DVD		<i>EMI</i>		18:00
		Why you need to wear eye protection, consequences if not protecting your eyes, proper selection, wear and protection.		

2537	E a	BREATHING EASIER - RESPIRATORY PROTECTION IN THE CONST. INDUSTRY		
DVD		<i>CLMI / AGC</i>		15:00
		1993		
		A basic introduction to respiratory protection. Good for general information for new employees or those who are unfamiliar with the need for respiratory protection.		
2538	S a	RESPIRATORY PROTECTION		
DVD		<i>CLMI</i>		12:00
		Basis of Respiratory Protection. Provides helpful tips for maintaining & properly using respirators.		
2539	E,S a	RESPIRATORY SAFETY: GENERAL AWARENESS		
DVD		<i>Summit Training Source</i>		12:00
		This respiratory training program is unlike any other in the market, incorporating real testimonials and interviews from actual people in the field, including EH&S Directors, Fire Department personnel, and OSHA experts.		
2540	E,S a	HEARING CONSERVATION: WHAT DO YOU WANT TO HEAR?		
DVD		<i>Summit Training Source</i>		14:00
		2000		
		This program will help prevent hearing loss, the associated costs at your site by creating an awareness, respect for noise hazards & motivating employees to protect their hearing.		

Safety and Health Management and Safety Committees

2701	E a	JUST A SECOND AGO - THE BRAD LIVINGSTON STORY		
DVD		<i>American Training Resources</i>		21:00
		2009		
		When Brad Livingston decided to violate procedures & participate in a shortcut his world was literally blown apart in a matter of seconds. Your facility's safety culture will improve when workers hear the lessons shared by Brad Livingston!		
2703	E,S a	OSHA: AN INTRODUCTION		
DVD		<i>Coastal</i>		19:00
		2004		
		An introduction to OSHA & it's role in the workplace. How OSHA came in to existence & how the agency writes & enforces standards to protect employees in the workplace.		

2715 E,S a **EMERGENCY ACTION PLAN**
 DVD *Coastal* 16:00
 2009

Importance of an emergency action plan - How to maintain the control in a crisis. Importance of employees being the eyes of the company and report any dubious situation. How to be ready and alert to any emergencies in the workplace.

2722 E,S a **SAFETY ORIENTATION: IT TAKES A WINNING ATTITUDE**
 DVD *Coastal* 18:00
 1996

A good basic introduction to workplace safety. Program covers PPE, back injuries, slips, trips and falls, hazard communication, bloodborne pathogens, lockout/tagout & fire safety.

2724 E a **CONTROLLING THE FIELD: JOBSITE SAFETY INSPECTIONS**
 DVD *CLMI* 18:00

DVD shows hazards while safety person alerts worker of conditions. DVD emphasises checklists training & inspections.

Scaffolds, Aerial Lifts, and Power Platforms

2800 E a **ELEVATED WORK PLATFORM SAFETY**
 DVD *American Training Resources* 19:00
 2010

Safety practices for working on different styles of elevated platforms. How leverage & weight capacity affect stability, doing a pre-operational inspection, safely driving the vehicle & how to avoid falls.

2801 E a **SAFE ORPERATION OF SCISSOR & BOOM LIFTS**
 DVD *Aurora Pictures* 19:00

Good introductory film that covers the uses and differences of Boom + Scissor Lifts.

2802 S a **SAFE OPERATION OF SCISSOR & BOOM LIFTS**
 DVD *Aurora Pictures* 23:00

This video discusses the procedures lift operators must follow to prevent these types of incidents. Topics include factors that affect stability, pre-operational inspection, protecting against falls from platforms and safe driving procedures.

2803	E,S	a	AERIAL LIFT SAFETY		
DVD			<i>Summit Training Source</i>		14:00
			2005		
			This program teaches housekeeping and equipment maintenance techniques to prevent aerial lift accidents at your site. Working with or around electricity, working in inclement weather and working in an elevated bucket are covered.		
2804	E	a	SUPPORTED SCAFFOLDING SAFETY IN CONSTRUCTION ENVIRONMENTS		
DVD			<i>Aurora Pictures</i>		17:00
			A good refresher covering the selection, erection, use + disassembly of welded frame scaffolding.		
2805	E	a	AERIAL LIFT WORK PLATFORM		
DVD			<i>Aurora Pictures</i>		15:00
			This program covers a broad range of topics including: Pre-Shift Inspections, Operating Controls, Safe Operating Procedures, Driving & Steering, Speed Control, Fall Protection & others.		
2806	S	a	AERIAL LIFT WORK PLATFORM		
DVD			<i>Aurora Pictures</i>		15:00
			This program covers a broad range of topics including: Pre-Shift Inspections, Operating Controls, Safe Operating Procedures, Driving & Steering, Speed Control, Fall Protection & others.		
2807	E	a	OPERATING AERIAL WORK PLATFORMS SAFELY CONCISE		
DVD			<i>Aurora Pictures</i>		10:00
			This program discusses some of the common hazards that operators must consider when using this equipment, as well as the safe work practices & operating techniques that must be followed to ensure everyone's safety during their use.		
2808	E	a	SUSPENDED SCAFFOLDING SAFETY IN CONSTRUCTION ENVIRONMENTS		
DVD			<i>Aurora Pictures</i>		15:00
			This program gives employees the information they need to refresh their understanding of the dangers of working with scaffolds & how these risks can be minimized by knowing the ways to correctly erect, maintain & use scaffolding equipment.		

2809 S a **SUSPENDED SCAFFOLDING SAFETY IN CONSTRUCTION ENVIRONMENTS**
DVD *Aurora Pictures* 15:00

This program gives employees the information they need to refresh their understanding of the dangers of working with scaffolds & how these risks can be minimized by knowing the ways to correctly erect, maintain & use scaffolding equipment.

2811 E,S a **SCAFFOLDING: SAFE WORK PRACTICES**
DVD *Summit Training Source* 10:11

Basic safety for working on or around scaffolding. For worker new to scaffolding issues.

Slips, Trips, Falls, and Walking or Working Surfaces

2900 E a **SLIPS, TRIPS & FALLS - SPLIT SECOND SAFETY**
DVD *Dupont* 18:30
2012

A good introduction to awareness about slips, trips & falls. Provides numbers that should raise awareness about the ergonomics as well as the impact on health + wellness.

2901 E,S a **ABOUT PREVENTING SLIPS, TRIPS & FALLS**
DVD *Aurora Pictures* 12:00

This program outlines the common safe work practices workers can follow to prevent slips, trips & falls. Topics include the effects of gravity, friction and momentum, wearing proper footwear & preventing slips & trips.

2903 E a **I CAN'T GET NO TRACTION**
DVD *Aurora Pictures* 4:00

Entertaining & comical musical video emphasizing slips & trips in the workplace.

2906 E a **GOOD HOUSKEEPING-EVERYONE'S RESPONSIBILITY**
DVD *American Training Resources* 17:00
2013

It doesn't matter what position you hold or what type of task you are performing. Keeping your work area tidy & free to clutter should be every employee's obligation. It's part of your commitment to safety.

2908	E,S	a	SLIPS, TRIPS AND FALLS - KEEPING A STEP AHEAD		
DVD			<i>Summit Training Source</i>		12:00
			Causes of slips, trips, and falls in the workplace, and abatement strategies to eliminate or minimize slip and trip injuries.		
2909	E,S	a	WALKING & WORKING SURFACES - WATCH YOUR STEP!		
DVD			<i>Coastal</i>		17:00
			2007		
			This program covers proper use of equipment & procedures on various walking & working surfaces.		
2910	E	a	THE WINNING TICKET - HOUSEKEEPING ON THE JOBSITE		
DVD			<i>CLMI</i>		13:00
			Program reviews influences of housekeeping on jobsites. Also goes over good storage of materials, tools, prevent slips, trips and falls, avoiding injuries & preventing accidents.		

Vehicles, Traffic Control, and Signage

3000	E	a	ROLL OFFS & SAFETY OPERATIONS		
DVD			<i>Digital 2000</i>		12:13
			Roll offs carry a large load & can cause serious injuries or property damage if not handled properly. Program covers the operation of roll offs with emphasis on safety. Topics: Pre-Trip Vehicle Inspection, Loading, Unloading & other Safety Tips.		
3008	E	a	HANG UP & DRIVE - THE JACY GOOD STORY		
DVD			<i>American Training Resources</i>		18:00
			2000		
			Distracted driving affects all of us. The damage caused can be severe & irreparable.		

Welding, Cutting, Brazing, and Compressed Gasses

3100	E	b	COMPRESSED AIR SAFETY		
DVD			<i>American Training Resources</i>		17:00
			Reviews the hazards of using compressed air in an unsafe manner. Reviews accidents using case histories & places an emphasis on the dangers of using compressed air for cleaning. Discusses use of PPE, proper training & equipment maintenance.		

3100	E a	COMPRESSED AIR SAFETY		
DVD		<i>American Training Resources</i>		15:00
		Reviews the hazards of using compressed air in an unsafe manner. Reviews accidents using case histories & places an emphasis on the dangers of using compressed air for cleaning. Discusses use of PPE, proper training & equipment maintenance.		
3101	E,S a	WELDING SAFETY		
DVD		<i>Summit Training Source</i>		13:00
		This program teaches employers to recognize + respect the potential hazards and motivate them to use best safety practices to prevent property damage and injury.		
3102	E a	HEALTH & SAFETY FACTORS IN WELDING OPERATIONS		
DVD		<i>Digital 2000</i>		15:00
		This DVD talks about the general safety and health hazard associated with welding, cutting, examines hazards, toxic fuel gas welding, cutting, and arc welding.		
3103	E a	SAFETY FACTORS IN ARC WELDING OPERATIONS		
DVD		<i>Digital 2000</i>		6:00
		This short program covers fire hazards, environmental conditions, inspection of equipment, arch welding safety procedures.		
3105	E,S a	LASER SAFETY		
DVD		<i>Summit Training Source</i>		12:00
		Worker's learn how to safely work with industrial lasers including: types of lasers & their classifications, potential hazards, proper eyewear protection for laser operations & preventing secondary injury from indirect exposure.		
3111	E,S a	WELDING: SAFE WORK WITH HOTWORK		
DVD		<i>Coastal</i> 2010, 1999		20:00
		Basic introduction to welding and cutting safely. Includes information on PPE, fire protection, hazards and personal injury.		

3112	E a	COMPRESSED AIR SAFETY	
DVD		<i>CLMI</i>	15:00
		UNKNOWN	
		Hazards of compressed air used for cleaning and power for tools and equipment. Identifies hazards and suggested controls for the hazards. Excellent injured workers interviews, where they discuss their contracts with and injuries from, compressed air.	
3113	S a	COMPRESSED AIR SAFETY	
DVD		<i>CLMI</i>	15:00
		Hazards of compressed air used for cleaning and power for tools and equipment. Identifies hazards and suggests controls for the hazards. Excellent injured worker interviews, where they discuss their contacts with and injuries from compressed air.	
3114	E a	UNDERSTANDING WELDING HAZARDS	
DVD		<i>Safety Care</i>	16:15
		Welding safety covering protective equipment, fire prevention, toxic exposures, explosion, housekeeping & welding flash. Also covers work practice control, storing & handling compressed gas cylinders.	
3115	E,S a	WELDING SAFETY - RESPECTING THE HAZARDS	
DVD		<i>Summit Training Source</i>	13:20
		Describes the different hazard's associated with both gas & electrical welding equipment. Identifies hazards associated with welding & steps necessary to protect employees.	
3116	E a	HIGH IMPACT: WELDING SAFETY	
DVD		<i>American Training Resources</i>	19:00
		2012	
		Good introductory media for the safe use of gas + electric arc welding + cutting equipment. Some graphic examples are re-created to show the seriousness of violating safety procedures.	
3117	E,S a	COMPRESSED GAS: SAFETY AWARENESS	
DVD		<i>Coastal</i>	22:00
		2007	
		Basics on handling storage & hazards of compressed gases. Also information on use of gases & the hardware issues involved.	

3118	E,S	a	LASER SAFETY		
DVD			<i>Summit Training Source</i>		12:00
			2001		
			Workers learn how to safely work with industrial lasers including: Types of lasers & their classifications, potential hazards, Proper eyewear protection for laser operations & Preventing secondary injury from indirect exposure.		
3119	E	a	HIGH IMPACT: WELDING SAFETY		
DVD			<i>CLMI</i>		19:00
			This video uses graphic examples to show the necessity of following safe welding and cutting procedures. It covers fire prevention through management of combustible materials, sparks, and use of fire watches.		
3120	E,S	a	COMPRESSED GAS CYLINDERS		
DVD			<i>Summit Training Source</i>		13:00
			This program's opening dramatically demonstrates how improper handling of cylinders can cause damage and injury. Exciting and educational, the video footage is relevant to all workers who handle and work around gas cylinders.		

Youth Safety and Workplace Violence

3201	E	a	MANAGING HIGH RISK SITUATIONS		
DVD			<i>American Training</i>		15:00
			Managing high-risk situations takes more than just awareness & policies which prohibit them. Employees & managers must be able to recognize & contain situations before they escalate into violent events.		
3203	E	a	TAKING CONTROL OF WORKPLACE VIOLENCE		
DVD			<i>CLMI</i>		20:00
			1995		
			Excellent introduction to workplace violence awareness. Discusses signs, symptoms, and interventions dealing with violence in the workplace.		
3209	E	a	VIOLENCE ON THE JOB		
DVD			<i>CDC/Niosh</i>		27:00
			2004		
			The video discusses aspects of violence on the job and ways to reduce incident potential.		

3213 E a **VIOLENCE ON THE JOB**
DVD
CDC/Niosh 27:00
2004
The video discusses aspects of violence on the job and suggests ways to reduce incident potential.

3214 E b **VIOLENCE ON THE JOB**
DVD
CDC/Niosh 27:00
2004
The video discusses aspects of violence on the job and suggests ways to reduce incident potential.

Z Safety Management, Workplace Violence, and Behavioral Safety

3202 E,S a **WORKPLACE VIOLENCE-THE CALM BEFORE THE STORM**
DVD
Coastal 25:00
Program will help supervisors & employees identify the warning signs of workplace violence & teach them how to prevent it. Characteristics of potentially violent employees, Violence Prevention, Conflict resolution & Threat-management teams.
